Inter-agency referral to Local Authority Children's Social Care Guidance Notes

Our Safeguarding Children Partnership for Cornwall and the Isles of Scilly has agreed that all contacts with the Multi Agency Referral Unit (MARU) within Cornwall should be made using the inter-agency referral form. The form is in line with the requirements of Working Together to Safeguard Children and local procedures for sharing information when you have concerns about the welfare or development of a child including Child Sexual exploitation. The following guidance is designed to explain when and how to use the form. There are additional guidance notes to support referrals in respect of Child Sexual Exploitation on the OSCP website alongside this form.

- Please complete the form as fully as possible. The quality of information provided at the point of contact with specialist social work services is critical to safeguarding vulnerable children effectively. It is very important that full details of names, dates of birth, addresses and ethnicity are completed. Please indicate who has parental responsibility under the Children Act 1989. Ensure that you record the name of the social worker and details of all discussions, including any agreed actions in your own agency record.
- 2. To avoid delay if we need to contact you, please be specific about your contact details (including email address), especially if you work part-time or work from different locations at different times.
- 3. Wherever possible, the permission of parents/carers/children/young people (as appropriate to age and understanding) should have been sought before contacting the Multi Agency Referral Unit (MARU) and before a social worker discusses your concerns with any other agency. However, "this should only be done where such discussion and agreement seeking will not place a child at further risk of significant harm or prejudice enquiries under Section 47 of the Children Act 1989, or a police investigation". Where possible you may wish to fill in the form whilst with the family and obtain their signatures before sharing the information with the MARU. If parental permission is refused and you consider the child to be at risk of significant harm, the interests of the child must come first and therefore the referral must go ahead. Please ensure that you document the reasons for your actions. If you are making the referral without the knowledge of the family, the MARU will need to discuss the situation with you before taking any further action.
- 4. By completing this referral form as comprehensively as possible, you will be helping the MARU to make an informed decision on further action within the requirements of Working Together and in line with the time scales set by the Framework for the Assessment of Children in Need and their Families (2000). You will also help determine the whether the level of need meets the threshold for statutory social work intervention. In particular, details of any work you have already done with the family, when you last saw them, and the child or young person, and specific information about what might need to change to help safeguard the child's welfare and development are essential. Whilst undertaking a CAF is not a prerequisite for making a referral (particularly when there is a risk of significant harm) this is best practice and if a CAF has already been undertaken it should be used and attached to support the referral to the MARU.
- 5. If you are making a referral because of child protection concerns, you will need to telephone the MARU without delay, (see details below) following up with this referral form, as soon as possible, but no later than within 48 hours (Working Together).

- 6. On receipt and consideration of your referral, the MARU will give you feedback, confirmed in writing within two working days about the decision and within the limits of confidentiality, the actions being undertaken. If the referrer has not received an acknowledgement within three working days they should contact the local authority children social care again. Please note that wherever possible specialist social work services will use the information you share as a significant part of the initial assessment and therefore they may contact you to clarify the information you have provided.
- 7. If you are not sure about what action to take or have any difficulties or queries, please do not hesitate to contact your own Child Protection Advisor, such as a designated teacher, named or designate practitioner or the MARU advice line.
- 8. To contact the MARU in hours phone 0300 1231 116 and out of hours 01208 251300.
